

Brilliant stainless steel

GT 01/1 - GT 01/4

Telescopic stainless steel guides GT 01/1 - GT 01/4

Stainless steel Aisi 304 guides with total extraction for the side mounting of the drawer. The fixed slide is supplied in two versions:

- fastening to the piece of furniture with screws or rivets (Part number GT011)
- fastening to the piece of furniture with hooks (Part number GT014).

Mounted on balls of acetalic resin of high strength, made to support the load of the drawers (60 Kg dynamic load capacity).

All stops have nylon 6.6 buffers.

System to ease the drawer return and to keep it closed.

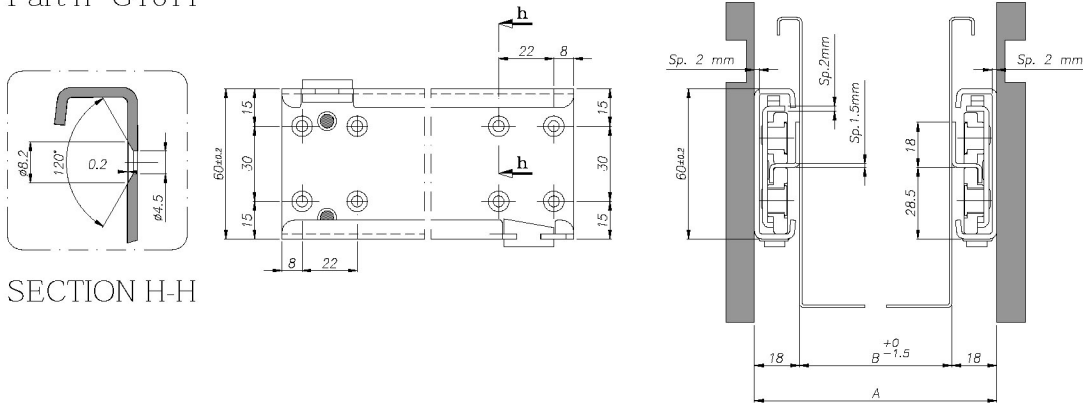

Available in different lengths to meet the most various requirements. Special lengths out of standard are available on request.

As standard stainless steel guides with brilliant finishing.

List of the part numbers and technical specifications

Part number	Lenght (mm)	Work run (mm)	Total lenght (mm)	Dynamic load capacity (kp)
GT011130-GT014130	300	290	590	40
GT011135-GT014135	350	340	690	40
GT011140-GT014140	400	390	790	60
GT011145-GT014145	450	440	890	60
GT011150-GT014150	500	490	990	60
GT011155-GT014155	550	540	1090	60
GT011160-GT014160	600	590	1190	60
GT011165-GT014165	650	640	1290	60
GT011170-GT014170	700	690	1390	60
